1. Name ≥ 3 characters

LEN(Name) < 3

Error: Name must be at least 3 characters

2. Faculty ID > 0

Faculty_ID__c <= 0

Error: Faculty ID must be greater than 0

👉 (Uniqueness handled by field setting ✓)

3. Salary range

Salary__c < 10000 || Salary__c > 500000

Error: Salary must be between 10,000 and 500,000

4. Department required

ISBLANK(TEXT(Department__c))

Error: Select a department

5. Joining Date not future

Joining_Date__c > TODAY()

Error: Joining date cannot be in the future

3) Create Lightning App

Steps:

1. Go to **Setup** → **App Manager**
2. Click **New Lightning App**
3. Name:

College Management System

4. Add Tabs:

- Students
- Faculty

5. Save & Finish

● 4) Add Tabs (if not already)

- Go to **Tabs**
- Create tabs for:
 - Student__c
 - Faculty__c

🔥 🔥 🔥 Error that may occur ➡ ➡

Why you can't find "College Management System"

👉 Because:

- You created **Student__c / Faculty__c** objects ✓
 - But **Lightning App** is not created OR not assigned to you ✗
-

● Fix in 2 minutes

◆ Step 1: Create Lightning App

Go to:

👉 Setup → App Manager

Click:

👉 New Lightning App

Fill details:

- App Name:

College Management System

Click **Next**

Add Items (IMPORTANT)

Add:

- Students
- Faculty

👉 Move them to **Selected Items**

Next → Next → Finish

● Step 2: Assign to Your Profile

After creation:

- Click **Edit** on your app
 - Go to **User Profiles**
 - ✓ Select your profile (e.g., System Administrator)
 - Save
-

● Step 3: Now Open It

- Click **App Launcher (9 dots)**
- Search:

College Management System

👉 Now it will appear ✓

● If still not showing

Quick alternative:

Search directly:

Students

or

Faculty

👉 Open from there (your data is already working)
